

Daily scrum meeting

**Product
Owner**

Developers

- **Every morning during the duration of the sprint, a stand up meeting should be held**

**Product
Owner**

Developers

- **Any follow up can happen immediately after the meeting**

- **Prevent eating into the production time**
- **The meeting is time boxed to less than 15 minutes**

- **The previous day's work**
- **The work they intend to cover on that day**
- **If there are any impediments to progress**

- **The scrum master usually facilitates this but does not need to be present. The team need to take the reigns of this.**

- 
- **Harmonize and coordinate the team members' work**
 - **Gives them a spirit of camaraderie**
 - **They are empowered and better motivated to self-organize**
