

**Tip 24 - Never sacrifice
product quality for
any reason**

Increase your pace of product development to ensure the product is released early

Tell them that

Have to quit

Your DoD (definition of done) is in place

**Activities that must be
done on the story before
it goes into production**

Let them know the reasons for the items on the definition of done

- ▶ **Testing**
- ▶ **Design standards met**
- ▶ **Known Critical bugs fixed**

In Summary

- **Never sacrifice product quality for any reason**
